

FEEL OUR YARNS

JOIN THE EVOLUTION with new yarns for COOLMAX® AND THERMOLITE® socks.

Welcome to the revolution! Dúctel is launching a new generation of yarns for use in COOLMAX® and THERMOLITE® socks that will change the sock market.

Thanks to the special combination of continuous filament and spun yarn we have developed a new yarn technology for use in INVISTA's COOLMAX® and THERMOLITE® socks that improve the performance of our existing products.

Use of our new yarn technology:

- Improve the pilling resistance of COOLMAX® and THERMOLITE®
- Improve the moisture management properties
- Maintains the natural touch of the spun yarn.

Yarn counts available in raw white and dyed versions:

Ne 12/1
 Ne 18/1
 Ne 18/2
 Ne 24/1
 Ne 24/2
 Ne 30/1
 Ne 30/2

Please don't hesitate to contact us for further information or for yarn sampling at comercial@ductel.com

Hoping to hear from you soon.

Dúctel,s.a.
